

TAKE THE ENGINEERED ROUTE TO ENHANCED ACOUSTIC PERFORMANCE

LVT Click flooring

TARKOMFORT PREMIUM

SUBFLOOR TYPE

- . Residential and heavy traffic commercial applications
- . Screed, concrete surfaces, floorboards
- . Compatible with underfloor heating

COMPATIBLE FLOORING

- ✔ LVT Click flooring (planks or tiles)

DESCRIPTION

Material: viscoelastic polymer based on polyolefins and EVA, with double sided anti-slip texture with micro suction cup effect

Total weight: 100g per m²

Total thickness: 1.0mm

ARTICLE NUMBER

Article code: 24992030 - Black

Packaging: single roll - 15m x 1m (15m²)

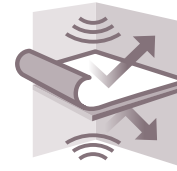

Minimum order: 1 roll - no cutting service available

INSTALLATION

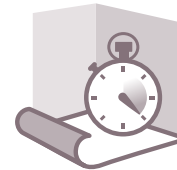

- . [Installation instructions](#) ⓘ
- . [Step-by-step installation guide](#) ⓘ

High-performance acoustic insulation

- Incorporates **precision engineered material** with sophisticated automotive and aeronautical technology
- Provides high-impact sound reduction (**19 dB with iD Inspiration Click**)
- Minimises **in-room noise (up to 72 dB)**

Quick & easy to install

- Features minimal thickness, ideally suited **for renovation**
- **Simplifies handling** with 1m roll and very light weight
- Stays fixed on the ground and **prevents slipping**
- Can be used immediately in **high traffic areas**
- Offers **easy removal** at end of life with loose-lay application

High resistance to traffic

- Gives stronger resistance in heavy traffic areas via **high-density material** (100kg per m³), to provide boards from coming up
- Stands up better to static **indentation** (0.18mm with iD Inspiration Click)

COORDINATED ACCESSORIES

LVT skirting:

- rigid PVC for high resistance to impact
- PUR treatment for easy maintenance
- matching film for nice finish
